

Trusted evidence from the field.

Tsavone Consulting Ltd is a Ugandan consulting firm, established in 2023, that gathers reliable evidence on the ground and turns it into sound decisions, designs and systems. We work in any sector, with deep expertise in **agrifood systems, nature and biodiversity, climate and energy, and youth skills and jobs**, across Uganda, East Africa and beyond.

CORE SERVICES: ANY SECTOR

- Monitoring, evaluation and learning
- Field data collection and verification; third-party monitoring
- Assessments, feasibility and market studies
- Programme design and proposals
- Environmental and social safeguards; resettlement; grievance mechanisms
- Institutional strengthening
- Project management services (PMI and PRINCE2)
- Training and capacity development

DEEP PRACTICE AREAS

Agrifood and market systems: value chains, seed systems, export and EU deforestation compliance, agribusiness feasibility.

Nature and biodiversity: baselines, BioBlitz, wetlands and catchments, biodiversity monitoring.

Climate and energy: climate risk and adaptation plans, climate-fund preparation, carbon project benefit-sharing, clean energy studies.

Youth, skills and jobs: skills-gap and tracer studies, youth employment evaluations, TVET, enterprise support.

SPECIALIST SECTORS

Health and One Health · Education · Water and sanitation · Governance and local government · Gender and social protection · Urban and infrastructure safeguards · Oil, gas and mining · Tourism · Refugee and humanitarian response · Finance and enterprise · Data protection · Results verification

WHO WE SERVE

Ministries and project coordination units · districts and cities · development banks · UN agencies · foundations and their partners · international and national NGOs · exporters and cooperatives · agribusiness · energy, infrastructure and extractive companies · international consulting firms seeking a local partner.

SELECTED EXPERIENCE OF OUR KEY PERSONNEL

- National evaluation of agricultural market information services in Uganda, leading to a redesigned national system (DANIDA-supported, with CIAT).
- Gender-responsive urban agro-enterprise action research with poor households in Kampala (IDRC).
- Climate-smart agriculture scale-up and district planning support in Northern Uganda (GIZ).
- Green jobs for rural youth in the organic sesame value chain (EU/UNDP SWITCH Africa Green).
- Multi-donor crane and wetland conservation programme, including a national Grey Crowned Crane census across 131 districts.

WHY TSAVONE

- **Field first.** Trained, supervised teams in every region, with back-checks and daily data quality checks.
- **Several disciplines, one team.** Agricultural economics, biodiversity, social science and rigorous M&E.
- **Senior delivery.** The person who scopes your assignment leads it.
- **Ready for the new rules.** EU deforestation regulation, Uganda carbon-market regulations, World Bank and AfDB safeguards.
- **Systems that pass due diligence.** Full policy set: finance, integrity, safeguarding (PSEAH), data protection and research ethics, quality, health and safety, risk, environmental and social.
